Amazing
Apprenticeships

Careers has never been more important

THE CAREERS &
ENTERPRISE
COMPANY

Hertfordshire
Local Enterprise
Partnership

Here in Herts only 38% of schools/colleges provide info on Independent Training Providers

Herts schools/colleges provide info on HE
But only 40% of schools/colleges provide 2+ visits to Higher Education establishments

86% provide info on apprenticeships to all students but only 29% want to apply to an apprenticeship and only 8% actually apply to apprenticeships

This all indicates that this could be done better and hopefully today will help with this

Amazing
Apprenticeships

Who are the local independent training providers?

- We now have 4 different clusters of Careers Hubs in Hertfordshire giving us a whole of Hertfordshire Careers Hub coverage:
- Cluster 1- Stevenage, North Herts, Welwyn & Hatfield
- Cluster 2- Watford, Three Rivers & Hertsmere
- Cluster 3- St. Albans & Dacorum
- Cluster 4- Broxbourne & East Herts

What are Careers Hubs?

Our Careers Hubs are designed to connect employers with schools and colleges throughout England to deliver world-class careers education.

Nationally, we've created a network of Careers Hubs – incubators for innovation – where our mantra of test, learn and adapt is applied locally to improve outcomes for young people, education and employers.

Careers Hubs are the external infrastructure for the implementation of The Careers and Enterprise Company's vision and mission to improve careers education for 11-18-year-olds.

HERTFORDSHIRE CAREERS HUB – STRATEGIC PLAN

Theme	CEC meaning	Defined Local Priority	CURRENT STATUS	LEP NEXT STEPS
1. Amplifying technical and vocational routes	Increasing awareness of and interest in technical education and apprenticeships	<p>We want to raise awareness of the ever changing landscape of technical and vocational routes including the roll out of T Levels to students, parents, teachers and employers. We recognise the importance of managing expectations of students and employers particularly whilst the availability of T Levels requires greater clarity and development.</p> <p>Apprenticeships are a key priority for the LEP and play a vital role in growing our local economy, as evidenced in our Strategic Economic Plan. We aim to increase the total percentage of young people aged 16-24 in employment with training, including apprenticeships and traineeships, up to the national average through heightened awareness of young people, their families and teachers.</p>	<p>This has been a long-standing focus as identified by school attainment of Benchmark 7.</p> <p>Hub Delivery plan provides workshops around Technical and Vocational routes (October 2021) that are available for all schools to attend.</p> <p>Apprenticeships and vocational routes will be included in HOP Live Webinars that will incorporate case studies of YP. HOP provides links and info about apprenticeships.</p> <p>Local provisions in place via ASK Apprenticeships and Parent Survey.</p>	Undertake research and review of teacher understanding and knowledge of vocational and technical routes (similar to parent awareness survey).

The eight Gatsby Benchmarks

The Gatsby Benchmarks define what is considered world-class in careers guidance.

Gatsby Benchmark 1
A stable careers programme

Gatsby Benchmark 2
Learning from career and labour market information

Gatsby Benchmark 3
Addressing the needs of each pupil

Gatsby Benchmark 4
Linking curriculum learning to careers

Gatsby Benchmark 5
Encounters with employers and employees

Gatsby Benchmark 6
Experiences of workplaces

Gatsby Benchmark 7
Encounters with further and higher education

Gatsby Benchmark 8
Personal Careers Guidance

GATSBY BENCHMARK 7

Sixth-form colleges

General FE Colleges

Meaningful
encounters with
universities

Gatsby Benchmark 7 – Encounters with further and higher education

All students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.

Requirements:

- By the age of 16, every pupil should have had a meaningful encounter* with providers of the full range of learning opportunities, including Sixth Forms, colleges, universities and apprenticeship providers. This should include the opportunity to meet both staff and pupils.

- By the age of 18, all pupils who are considering applying for university should have had at least two visits to universities to meet staff and pupils.

*A 'meaningful encounter' is one in which the student has an opportunity to explore what it is like to learn in that environment.

Today's workshop

- ▶ The current Apprenticeships & Technical Education landscape
- ▶ Current national vacancy situation
- ▶ Hertfordshire vacancies
- ▶ Resources
- ▶ Priorities for 2021/22

What's been happening?

Vacancies returning
to pre-pandemic
levels

Significant
procurement &
flexibilities

Now 10, more than
20 by 2023

Rolling out from Sept
'22 - 2026

Extended until March
2022

- ▶ 22% of all people who had been unemployed for over 12 months were 16-24 year olds.
- ▶ Parents' Survey May 2021 shows a 10% drop in parental confidence in apprenticeships.
- ▶ Youth Voice Census September 2021 showed
 - 85.8% of those in secondary school had apprenticeships discussed with them
 - 28.6% of those likely or very likely to apply for an apprenticeship
 - 19% of those applying felt they had been supported by their school or college

Current vacancies

- ▶ **Vacancies on Find an Apprenticeship have risen to pre-pandemic levels**
18,162* on system (nationally) *data taken 2nd Oct 2021

Hertfordshire mirrors this pattern of vacancies:

- Around 450 per month currently
- Majority Int & Adv
- Few higher / degree level

WHAT IS THE BAKER CLAUSE?

Key requirements that schools need to know

The Baker Clause came into force for schools and colleges in England on the 2nd January 2016. The current Skills Bill is looking to re-introduce this clause, giving Ofsted greater responsibility to enforce compliance.

This short guide sets out the main points that your school needs to know.

What is the Baker Clause?
Introduced as an amendment to the Technical and Further Education Act 2011, the Baker Clause stipulates that schools must allow colleges and training providers access to every student in Years 8 to 11 to inform them about approved technical education qualifications and apprenticeships.

Colleges and training providers The Department for Education (DfE) has updated the **Guidance for Schools** to set out expectations for compliance, which include:

- Schools must act impartially and not show any bias towards one route, be that academic or technical.

TOP TIPS

The DfE Programme funded by the DfE enables schools to support learning apprenticeships and other technical education options from the DfE side of road.

WHAT IS AN APPRENTICESHIP?

8 key facts you need to know

- 1 An apprenticeship is a real job. Available to individuals aged 16 (with no upper age limit), apprentices are typically employed for at least 30 hours per week.
- 2 Apprentices are paid a salary. All apprentices will earn a salary of at least the National Minimum Wage for apprentices which is currently £3.92 per hour. Many employers pay more.
- 3 Apprenticeships last a minimum of 12 months. Most apprenticeships last between 1 - 4 years to complete. It will depend on the level and delivery mode of the apprenticeship.
- 4 Apprenticeships range from level 2 to level 7. There are apprenticeships at levels equivalent to GCSEs right up to Master's level and you can now achieve a degree through an apprenticeship.
- 5 Apprentices do not pay for their training. All apprenticeship costs are paid for by the employer and/or the government meaning that an apprentice will never have to pay for their training.
- 6 Apprentices will receive 20% off their job training. 20% of an apprentice's paid time will be spent undertaking off the job learning, gaining valuable skills and qualifications.
- 7 Apprentices will spend 80% of their time on the job. 80% of an apprentice's paid time will be spent on the job, working with colleagues to learn new skills and gain experience of the workplace.
- 8 There are thousands of apprenticeships in more than 120 industries. Here apprenticeships are identified each week covering a wide range of job roles. You will be amazed at the variety and breadth available!

*The National Minimum Wage for apprentices is reviewed each April.

FINDING THE BEST APPRENTICESHIP FOR YOU

Top tips to help you know when and where to look

With thousands of different apprenticeships to choose from - it can sometimes feel daunting to know where and when you should be looking - and what you should be looking out for.

Follow these top tips for finding the best apprenticeship for you:

Know what interests you most
A great place to start is to spend some time thinking about what interests you and the subjects, articles and books that you enjoy the most. It can be really useful to try and think about what you don't like as much as what you do like.

Take the **INSPIRE MI** quiz to help you to research the variety of apprenticeship available.

Listen to real apprentice stories
The range of real apprentice stories is really huge. One of the best ways to help you to decide whether you're interested is to listen from other apprentices.

INSPIRE MI

To take the INSPIRE MI quiz, simply log on to the website, enter your details and what they love most about their job role, and the quiz will guide you through the variety of apprenticeships available.

Discover more about apprenticeships
www.amazingapprenticeships.co.uk

WHAT ARE T LEVELS?

T is for Technical

T Levels are qualifications combining classroom learning, alongside an industry placement and they are designed for young people as an option following GCSEs (post 16).

Some key facts:

- They last for 2 years.
- They are equivalent to three A levels.
- They attract UCAS points.
- They have been created alongside employers.
- They include an 'Industry placement' of at least 45 days.
- For anyone not quite ready, there is a 1 year transition programme.
- Students will receive a nationally recognised qualification.

And by September 2023:

- Digital Business Services
- Digital Production, Design and Development
- Digital Support Services
- Education and Children's Health
- Healthcare Science
- Construction
- Science

WHAT T Levels are available?

There are already 10 T Level subjects available, with more being added each year.

The current offer includes:

- Building Services Engineering for Construction
- Design, Surveying and Planning for Construction

APPRENTICESHIP LEVELS EXPLAINED

Blending from intermediate to degree level

Apprenticeship levels range from level 2 (intermediate) through to level 7 (master's level) in more than 1200 different job roles.

There are four types of apprenticeship:

- Intermediate level (2)
- Advanced level (3)
- Higher levels (4-7)

Intermediate apprenticeships are typically considered to be the same level as the GCSE exams.

Intermediate apprenticeships are a great starting point to guide you as to the next level for you.

Discover more about apprenticeships
www.amazingapprenticeships.co.uk

Advanced apprenticeships
Advanced apprenticeships are considered to be the same level as level 3 or three A-level passes. Many individuals who have completed three A levels or other level 3 qualifications will undertake an advanced apprenticeship as well as others that go on to gain experience in the workplace and undertake a variety of different tasks.

Higher apprenticeships
Higher apprenticeships include qualifications at levels 4 and above. They can be suitable for those looking to progress from level 3 qualifications, including advanced apprenticeships.

Degree apprenticeships
Degree apprenticeships are offered by universities and other higher education providers. They combine either a full degree or degree level qualification and go up to master's level which is post-graduate.

Which level is right for you?
The type of apprenticeship undertaken will depend on both the needs of the employer and the job role as well as the apprentice, their previous experience and qualifications held.

Your training provider will be able to guide you as to the next level for you.

Discover more about apprenticeships
www.amazingapprenticeships.co.uk

WHAT ARE TRAINEESHIPS?

Pre-employment programmes for 16-24 year olds

A **Traineeship** is a fully-funded education and training programme for 16-24 year olds (25 year olds with an Education, Health and Care Plan) to build employability skills and gain valuable sector-based experience through a work placement.

How long is the programme?

Traineeships can last from 6 weeks to a maximum of 7 years, although most will be up to around 6 months. The duration of the programme will be decided with your training provider, once they have spoken with you and assessed your needs.

What does the programme involve?

Trainees will receive a wide variety of skills and personal development, including:

- A work experience placement with an employer.
- Work preparation with your training provider.
- English, maths and digital skills development (if required).

Discover more about apprenticeships
www.amazingapprenticeships.co.uk

WHAT IS A DEGREE APPRENTICESHIP?

Frequently Asked Questions

What is a degree apprenticeship?
Degree apprenticeships are exactly what they say, an apprenticeship programme that leads to a full degree-level qualification. This includes a bachelor's or master's degree, or an equivalent professional qualification.

Who are they for?
Degree apprenticeships can be for new recruits into apprenticeships (for example, those leaving school) or they can be for an existing employee who's looking to update or refresh in their job role.

How long do they take to complete?
Degree apprenticeships will typically take between 2 - 6 years to complete, depending on the level and programme. The apprentice will split their time between working and studying with a training provider.

How much do they cost?
The apprentice will not be required to pay towards the cost of the training, this will be funded by the employer and/or government. The apprentice will earn a salary throughout their apprenticeship, they are being paid to do their student fees.

How do you find a degree apprenticeship?
Degree apprenticeships are still relatively new and the number of vacancies is expected to increase each year. Top places to look include:

Find an Apprenticeship
www.apprenticeships.gov.uk
This is a government website where you can set up an alert to search, apply and receive alerts for different apprenticeships vacancies.

Higher & Degree Listing
www.higheranddegree.gov.uk
Each year, a list of higher and degree apprenticeship vacancies is published on the government website containing a wide selection of opportunities and links to apply.

Discover more about apprenticeships
www.amazingapprenticeships.co.uk

END POINT ASSESSMENT EXPLAINED

What happens at the end of an apprenticeship?

What is End Point Assessment?
End Point Assessment (EPA) commonly referred to as EPAs is the final stage of the apprenticeship programme.

The purpose of EPA is to confirm that the apprentice has met all of the knowledge, skills and behavioral requirements set out in the apprenticeship standard.

What is an apprenticeship standard?
Each apprenticeship has a standard. This is a short document setting out the main purpose of the apprenticeship, the job roles linked to the standard and the expected knowledge, skills and behavioral requirements that the apprentice should have achieved. There are more than 600 different apprenticeship standards available. You can read more here: standards.apprenticeships.gov.uk

How does EPA work?
To reach EPA, the apprentice will have completed a series of activities and tasks with their employer and training provider. They will then notify their employer that the apprentice is ready to reach the end of their End Point Assessment. This stage is called the gateway.

End Point Assessment methods explained
The short list (in italics) has been created by the Institute for Apprenticeships and Technical Education to explain the different types of assessment methods. [Click here to view or scan the QR code](http://www.apprenticeships.gov.uk)

What are the EPA requirements?
The process of EPA is different for each apprenticeship standard. It could include a range of different activities, such as:

- Presentation of a portfolio
- Professional discussion
- Test
- Practical demonstration

The whole process of EPA is an organized and conducted by a third party organization that is not connected to the employer or training provider. This organization is called the End Point Assessment Organization (EPAO).

- 4** Get started

The screenshot shows a web form titled "Apprenticeship Support & Knowledge for Schools and Colleges (ASK) enquiry form". It includes a header with three circles, a thank-you message, a privacy notice, and a section titled "About you" with a question: "1. Which type of establishment/organisation do you work for?". The options are: School, College, Local Authority, Local Enterprise Partnership (LEP), and Other (with a text input field).

www.apprenticeships.gov.uk/influencers/submit-an-ask-request

What is an ITP?

- ✓ There are 2,130 providers registered on the Register of Apprenticeship Training Providers. 77% are ITPs.
- ✓ Ofsted state that as at Feb 2021, 80% of ITPs are Good or Outstanding

<https://resources.careersandenterprise.co.uk/resources/key-facts-about-independent-training-providers-2021>

Priorities in 2021/22

- 1 Raise awareness of vocational and technical options**
Careers Hub, ASK Programme, CEC, Hertfordshire Campaign.
Ambition to reach 100% ASK Programme coverage for Hub schools.
Develop and share resources and provide additional insight.
- 2 Increase the range and quality of opportunities**
Working with Hertfordshire LEP and HCC, ensure reach and impact.
Boost the number of quality vacancies (levels and salaries).
Widen access to vulnerable and disadvantaged groups.
Encourage uptake in the incentives offer.

Apprenticeship details

- The award is delivered entirely in the workplace, Apprentices must have a contract of employment in place before enrolment
- Awards take between 15 months – 30 months to complete
- The awards delivered are flexible to the business and employer needs
- A variety of delivery methods are used to gather evidence to keep written work to a minimum

The Apprenticeship – End Point Assessment

- The End Point Assessment will be completed by an externally trained professional, the Independent End Point Assessor (IEPA)
- The assessment will be carried out within 3 months from Gateway
- This Independent End Point Assessor (IEPA) will observe you carrying out practical tasks in your workplace. They will also undertake a professional discussion around your knowledge, practical skills, behaviours and the work you have completed in your showcase folder.

Additional Curriculum Topics

Throughout your programme, Apprentices will also receive training and assessment on the additional topics below:

- Safeguarding
- PREVENT
- British Values
- E-Safety
- Equality, Diversity & Inclusion
- Well-being
- Study Skills
- Understanding your industry and careers Information, Advice & Guidance.

Maths, English & Digital Skills

- All apprentices will be encouraged to improve their maths, English and digital skills throughout their programme, as appropriate for the sector.
- This will occur through activities embedded within programme materials and tasks that you will undertake to provide evidence of competence for their apprenticeship.
- You will be provided with access to specific resources to develop skills gaps, as identified through our SVLE diagnostic tool. This will also have determined if you need to undertake maths, English & digital skills qualifications as part of your apprenticeship.
- Should you wish to improve your qualifications in Maths, English & Digital Skills even if not required, you can do this alongside your planned programme.

Off Job Training (OJT)

Off-the-job training is defined as learning which is directly relevant to the course, undertaken outside of day-to-day work duties (but within normal contracted hours) and leads towards the achievement of the apprenticeship.

Some examples of OJT may include:

- Induction
- KEITS on-line workbooks and resources
- Industry specific health and safety training
- Skills training & development
- Skills practice
- Vocational specific refresher courses
- Training delivered by you or the KEITS TC either face to face or remote
- Visits to shows or events related to the sector
- Reading & research

Added Value - Optional Extras

- Apprentices will have the option to undertake a range of additional short, distance learning CPD courses alongside the Standard.
- You will be able to undertake one course for free and additional course at a discounted rate.
- A variety of topics are included within the following categories:
 - Business, leadership & management
 - Personal development & employability
 - Health & safety
 - Health & fitness
 - Health & social care

HERTFORD
REGIONAL
COLLEGE

Welcome to HRC

At Hertford Regional College (HRC) we have a wide variety of courses for you to choose from, including full-time study programmes, apprenticeships and higher education courses.

Our courses are split across two campuses in Broxbourne and Ware. Each campus offers students access to award-winning facilities fitted out with the very latest industry standard equipment and materials.

At HRC we offer students a unique opportunity to learn, develop and succeed. We know what success looks like and we understand that it can look very different for each student - that's why we focus on ensuring that everyone studying with us obtains the skills and qualifications they need to reach their chosen destination.

What We Offer

At HRC you have plenty of options to choose from...

Study Programmes – Full-time courses offered to 16–18-year-old students that help them develop and become independent adults

Apprenticeships – Ideal for ambitious people who are looking to gain skills and knowledge while earning a wage

Higher Education – Course options at Levels 4 and 5 that can be topped up to a full degree (such as a BA and BSc) with additional study at university

Inclusive Learning – We offer courses for students with disabilities and/or difficulties, providing effective support to help them achieve their goals

Study Programmes

Full-time courses for 16-18 year olds at HRC are called “study programmes”.

These courses are designed to provide you with a whole set of skills, beyond just a qualification. With our study programmes you will take on:

- A technical / vocational qualification that will stretch you
- Work experience to help you build your employability skills
- Development days that will help you build professional and personal skills
- Maths and English classes if you haven't yet achieved a GCSE Level 4 or above when you join us

Apprenticeships

If you're looking to get your foot in the door of your chosen industry, then apprenticeships may be the perfect route for you.

Apprenticeships help you gain qualifications whilst earning money and gaining valuable industry experience.

We work with employers to offer apprenticeships across several industries, including:

Accountancy

Business Administration

Early Years Care

Marketing

And many more!

Brickwork

Carpentry

Electrical Installation

Plumbing

Higher Education

Our Higher Education programmes are a natural next step after completing a Level 3 qualification and may be something that you consider as part of your longer term plans. We currently offer Higher National Diplomas (HNDs), Foundation Degrees and Extended Degrees.

Why study Higher Education with HRC?

- A choice of subjects – a wide range of HE programmes
- A great place to study – our learning environments with the latest equipment
- A helping hand – our HE programmes have lower fees than most universities
- It's all about you – small class sizes means more contact with your tutors

Inclusive Learning

At HRC we welcome students with disabilities and/or difficulties and aim to provide effective support to help them achieve their goals.

Each student joining HRC has a programme that is fully personalised and based on the areas of learning that are most relevant to their future.

HRC works with local schools to prepare students for successful transition to college.

Areas of learning are split into four themes:

- Health and Wellbeing
- Community Inclusion
- Employability Skills/Work Experience
- Independent Living

English and Maths

We want to help set you up for the best possible start to your future career.

To study at HRC it's important that you have at least a Grade 4 or above in English and maths.

However, if you don't have these when you arrive, we will support you throughout your journey to gain these qualifications. We will do this by embedding English and maths within your timetable to ensure that you get the best opportunity to achieve these important qualifications.

A Grade 4 or above in English and Maths will open many doors for your future career destination.

Covid-19

Throughout the Covid-19 pandemic, we have worked hard to ensure that our students have been able to maintain their studies in a safe way.

We adhere to all government guidelines and follow the latest instructions from the Department for Education, offering Covid-safe in-college learning when required, and remote online-learning when restrictions are in place.

We are able to provide IT equipment and other materials to support learners when they are unable to be on campus.

HRC is a vibrant college, part of the college experience is being able to meet and socialise with others - we are delighted to have students and staff back on campus!

THE MOCHI MAKERS

Overview

- Personality - The 3 directors are PLG, we came up through hospitality and understand the industry.
- Mapping of internal programmes - We can support and accredit your internal programmes putting everything in one place.
- No red tape - As a company we are not afraid to think outside the box. If there is an idea on the table, we can get it done
- Part of the family - Our programmes are your programmes, we will talk in your language and be part of your team
- Genuine passion - PLG was built because of our passion for quality
- Doing it the right way - We aren't here to cut corners, if its worth doing its worth doing well

Apprenticeship overviews

- Programmes last between 12-18 months depending on the levels
- 121 development sessions delivered through a blended model of face to face and online delivery
- Delivery is decided with the employer before the programme commences
- Self managed learning to compliment delivery
- Our Virtual Learning Environment (VLE) encourages collaboration and engagement allowing all learners to access resources and activities 24/7
- Continual roll on roll off programmes all year round

Apprenticeship ENGAGEMENT

- We offer a recruitment service for internal staff as well as new apprentices into the industry.
- We work with many employers who are experienced in rec recruiting 16-18 year olds
- Vacancies are advertised on NAS and Indeed along with other social media platforms
- We are happy to attend careers fairs virtually or in person
- Many of our employers have offered taster days for young apprentices to " try before you buy"

APPRENTICESHIPS WE OFFER

- Hospitality Team Member level 2
- Commis Chef level 2
- Food Production level 2
- Senior production Chef level 3
- Chef de Partie level 3
- Hospitality Supervisor level 3
- Hospitality Manager level 4
- Operations Manager Level 5
- Business Admin level 3
- Customer Service level 2 & 3
- Team leader/supervisor level 3

REFLECTION

- What parts of the ASK/Amazing Apprenticeships offer will you use this year?
- Which Independent Training Providers are most relevant to your school/college/education support centre?
- How could you engage them?
- What parts of Gatsby Benchmark 7 does your school/college need to work on?

Gatsby Benchmark 7 – Encounters with further and higher education
All students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.

Requirements:

- By the age of 16, every pupil should have had a meaningful encounter* with providers of the full range of learning opportunities, including Sixth Forms, colleges, universities and apprenticeship providers. This should include the opportunity to meet both staff and pupils.
 - By the age of 18, all pupils who are considering applying for university should have had at least two visits to universities to meet staff and pupils.
- *A 'meaningful encounter' is one in which the student has an opportunity to explore what it is like to learn in that environment.

Who are the local independent training providers?

w/c 21st March 2022

w/c 4th July 2022

Compass

Compass helps you evaluate careers activity against the Gatsby Benchmarks. It's available for secondary schools, special schools, sixth forms, PRUs and colleges in England.

- Evaluate your careers activity in as little as 30 minutes
- Compare your school's progress to each of the eight Gatsby Benchmarks
- Identify areas for improvement, with resources to help you get there
- Use your result as the basis for your careers plan for the year

[Access Compass now](#) to start evaluating your activity.

Compass+

With Compass+ you can benchmark, manage, track and report on your school's careers provision at individual student level. It's available to [eligible](#) secondary schools, special schools, sixth-forms and PRUs in England.

Eligible schools using Compass can [log in](#) to their account and upgrade to Compass+. If you do not already have a Compass account, you can create one [here](#)

COMING SOON

WEBINARS FOR STUDENTS

Due to the COVID-19 lockdown, schools across the UK have been unable to meet the requirement to provide students with at least one meaningful encounter with an employer per year, traditionally achieved through careers talks and work experience opportunities. These encounters are a vital part of careers education, with research linking them to increased motivation, aspiration, and a greater chance for future success in the workplace.

To support this Hertfordshire Local Enterprise Partnership (LEP) and Hertfordshire Opportunities Portal (HOP) are launching a new series of webinars featuring interviews with local employers.

Do you live in Hitchin or the surrounding area? Are you aged between 15 and 18? Do you want to find out what opportunities are available to you locally?

Generation Hitchin is an event designed to help you make the most of your future. Meet world-class employers on your doorstep championing careers in Engineering, Construction, Retail, Science, Hospitality, Healthcare, Professional Services, Film and Media and lots more.

Join us on Thursday October 21st, 3:30-7:00pm at The Priory, Hitchin, where you will be able to hear from apprentices and early career starters and learn what it's like to work in their chosen sectors. During the event you will be able to:

- Watch live talks and workshops
- Chat with local businesses
- Find out about work experience, apprenticeship and job opportunities
- Meet further and higher education providers
- Engage with a panel of inspiring young people and gain an insight into their career paths
- Find out what do to next.

 **Opportunity
Hertfordshire**
Spotlight on film and TV

Our 2021 Annual Conference puts the spotlight firmly on this rapidly growing sector, leveraging the opportunity for Hertfordshire, the place and its people, and super-charging the UK's bounceback.

Join us for a morning of FREE virtual in-person panel discussions broadcast live from the Screening Room [📺](#) from Warner Bros. Studios Leavesden to hear more about how Hertfordshire is growing a world-class cluster of film and TV industries and how local people can benefit from new jobs, skills, training and expertise.

Our Moderator

Anna Stewart, CNN reporter, is to moderate Opportunity Hertfordshire's key debates on the future of film and TV. Based in the network's London bureau, Anna covers topics related mainly to international business and the British Royal Family. She reports daily on the latest global economic and financial news for CNN's flagship business programmes: First Move with Julia Chatterley, The Express and Quest Means Business.

Anna also currently hosts CNN's Passion to Portfolio, travelling the globe telling the stories of entrepreneurs who have turned personal dreams into professional success.

Would it be of interest later in the academic year to run an event or info session just on T Levels?

*BIG
Thanks*

BIG THANKS TO ALL OUR GUEST SPEAKERS

SLIDES & RECORDINGS WILL BE AVAILABLE LATER THIS WEEK
