Agenda for Customer Insight Day : Introductions, Business Insight, Group Activities, Q&A

What to Expect: We host our Work Experience Programmes for up to 25 local students during designated weeks of the year. The availability for these programmes are based on a 'first come-first serve' booking basis only, and the week is tailored to Year 10 to 13 students. The Work Experience Insight Week focusses on soft skill development, career preparation and exposure to the technology sector, as well as engagement with our key customers.

FEEDBACK FROM FORMER WORK EXPERIENCE STUDENTS

"I really appreciated this work experience opportunity at Computacenter. Thank you so much for everything".

WEX Student, Summer

"Thank you so much for a memorable, educational week! I have far better insight on my possible careers now!"

WEX Student, Summer

"I want to say thank you for the opportunity to do work experience in English".

WEX Student, Summer

"Each day was fun and interactive, but they all differed and helped massively in improving my overall employability".

WEX Student, October

"I just wanted to say thank you for organising the whole work experience week, I really enjoyed it and appreciate all the work that you put into planning it :)"

WEX Student, October

"I really loved the programme as I got an insight into what a career in large tech companies would entail and has taught me that school qualifications will not define me as an employee in the future".

WEX Student, October

NOTTINGHAM

MANCHESTER

ABOUT OUR APPRENTICESHIP PROGRAMMES

An Apprenticeship programme combines a real job with professional training. Employees receive on the job training and will work towards nationally recognised qualifications.

Whilst on a programme the employee will:

- Work alongside experienced employees
- Gain job-specific skills
- Earn a wage
- Get time for study

Apprenticeship programme's take 1 to 5 years to complete, depending on their level.

You can undertake an apprenticeship at any age as long as you are over 16 years of age and out of education.

Name	Programme education level	Equivalent education level	Typical Duration
Intermediate	2	5 GCSE passes	12-24 months
Advanced	3	A level passes	18-36 months
Higher	4, 5 and 6	Foundation degree and above	24 months +
Degree	6 and 7	Bachelors or Masters Degree	24 months +

We offer programmes across all levels of education, specifically in IT and Digital, Business Administration, Customer Service and Sales. We partner with 9 different training providers who deliver the programmes for us.

Our programme can be utilised for New Hires as ‘apprentices’ and existing employees can be upskilled or reskilled.

HOW TO APPLY AND ELIGIBILITY?

Before applying make sure you check the entry requirements on the individual job descriptions

Requirements:

- To hold a minimum of two GCSE Grades C/4 or above in both Maths and English Language
- All our programmes begin in September in order to align with the academic year
- You will need to provide your GCSE certificates and other formal documents as part of the enrolment

1. Online Application and CV upload

2. Eligibility and manager review

3. Final stage interviews or assessment centre

Why?

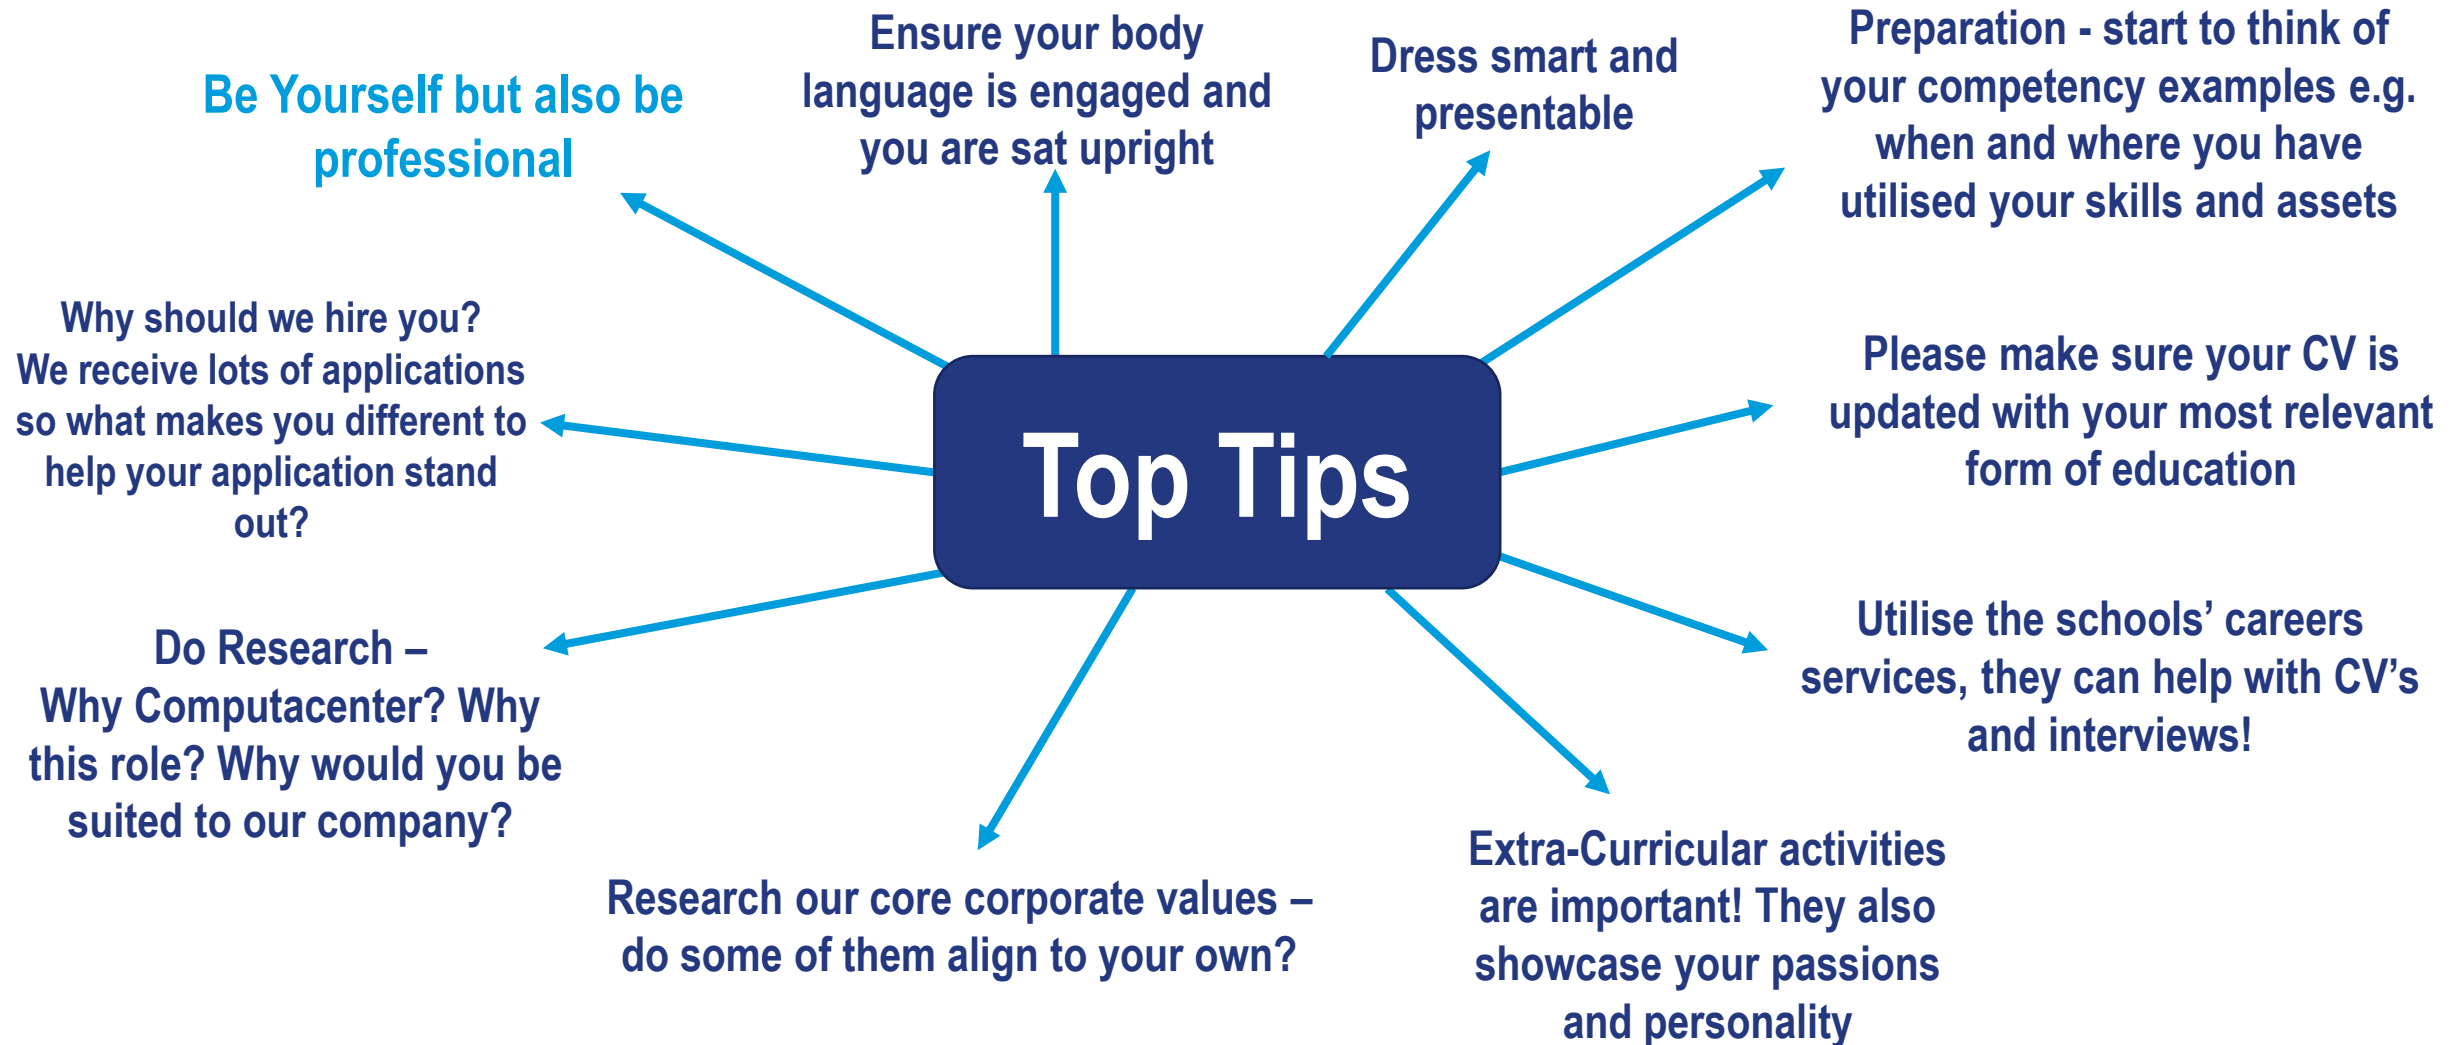

Salary ranging from £17,000 - £18,500

Flexible employee benefits scheme, corporate discounts from well-known retailers, an employer pension and great work-life balance arrangements

A close-knit apprentice community to support and develop you throughout your programme. This also includes office-based lunches/socials, and a monthly apprentice community call with guest speakers, games, and training sessions.

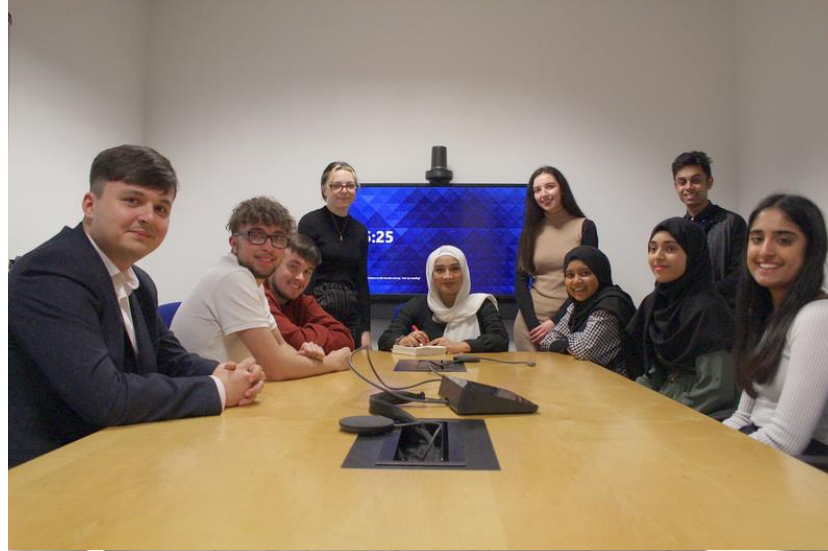

TOP TIPS FOR INTERVIEWS WITH EMPLOYERS

DO YOU HAVE ANY QUESTIONS?

No question is a silly question!
